

APV Board Brief

Relationship between 1st One Hundred and APV

Several Association of Poinciana Villages Board members have been approached with questions about 1st One Hundred and their relationship with the Association of Poinciana Villages. We hope this APV Board Brief will provide answers on this issue.

It has come to light that 1st One Hundred may have filed for Chapter 11 bankruptcy. How is that going to affect APV?

There is a Florida-based company named First One Hundred, LLC which is currently in bankruptcy. This company is not connected to the Nevada-based company 1st One Hundred LLC that APV has done business with in the past.

APV has no record that 1st One Hundred in Nevada has filed bankruptcy. Because APV has already decided not to sell any additional debt to 1st One Hundred, any bankruptcy filing by 1st One Hundred will not affect any future business.
